### REMARKS

In the Office Action, the Examiner made a two-way restriction requirement including Group I, which includes claims 1-22, and Group II, which includes claims 23-31. Applicants hereby elect Invention Group II with traverse.

Although Applicants respectfully traverse this restriction requirement, Applicants have nevertheless cancelled claims 1-22 without prejudice while adding new claims 32-45 to claim additional features of the present invention. More specifically, new claims 32-45 are all dependent claims that depend from one of independent claims 23, 26, and 29.

Applicants respectfully submit that pending claims are allowable over the prior art of record including the prior art submitted in the information disclosure statement filed concurrently with this response. Applicants therefore respectfully solicit a notice of allowance.

Respectfully submitted by,  
DAVID L. POLL, ET AL.
